The Original, RCI Custom Products **AL Series** Aluminum Wall Plates provide a rugged and durable mounting surface for professional AV connectivity. Used in both commercial and residential systems integration, AL Series wall plates are designed to stand up to years of continual service while maintaining an aesthetically pleasing appearance.

**AL Series** plates are available in both standard and custom configurations. Each plate or panel is individually assembled and engraved as specified, and comes complete with matching mounting hardware. Standard finish options include anodized Black, Clear, Gold, or Gray as well as White, Ivory, or Black Texture Powder Coat. Custom finishes are always available.
