

**FL-1000 Series**Floor Boxes for Tile or Wood  
Floors over Concrete

FL1000308-1

FL-2.5, FL-3, FL-4, FL-5, FL-8

FL-1000-BLK-C

FL-1000-OAK-C

FL-1000-BRS-C

**FEATURES**

- 11 gauge steel temporary construction cover included
- Choose floor box (correct depth) and cover type for complete assembly
- Add convenient RCI wall plates for total package
- Flip back door for cable exit
- Allows for multiple box installations
- Lift-off full access door
- Leveling feet
- Installs well in tile or wood floors over concrete

The FL-1000 Floor Box is designed for conference rooms, auditoriums, courtrooms, churches and all general meeting spaces with concrete floors covered with wood or tile. The assembly handles power, audio, video, and data in one practical box.

The lift-off section of the cover allows full access to internal connector plates and stored cables, and the smaller hinged access door flips back to allow cable exit. When not in use, the cover is completely closed allowing unencumbered travel in the area.
