

**FEATURES**

- Rack mountable 1 RU rack lamp
- Two 40 watt incandescent lamps, each switchable
- Attractive black anodized finish
- Downward projecting lamp cover
- Customize lamp hood with silk screened logo, company name, or project identification

The RCI Custom Products **RL2** Rack Mount Work Light is designed to mount in any standard EIA equipment cabinet. The unit requires one rack space. Each unit contains two 40 watt incandescent lamps, individually switched. The downward projecting lamp hood is 2" deep and 14 1/2" wide. Standard finish is flat black.

Customize the RL-2 work light assembly by having your company name and logo or other project identifying information.

A & E SPECIFICATION

The rack mount work light shall be RCI Custom Products Model RL2. Unit shall be 1 3/4" tall and conform to standard EIA 19" rack mounting. Assembly shall be made of black anodized aluminum and be complete with aluminum lamp hood, two 40 watt incandescent lamps on separate switches, and three conductor line cord.
