RCI Custom Products **RLP1215L Illuminated Logo Power Strip** combines professional full color graphics for your corporate brand with a 12 outlet Tripp Lite™ power strip, all in one rack space. Transform your company brand, logo and artwork into brilliant, full color illumination. Illuminated Power Strip panels turn any A/V equipment rack into an eye catching, high tech marketing piece. Cool, long lasting UL Listed LED lighting ensures years of fail-proof service. Simply provide camera-ready art drawn to size (see spec) in any popular file format.

A & E SPECIFICATIONS

The illuminated rack panel shall be an RCI Custom RLP1215L. Front Panel shall measure EIA 19"x1.75 for 1RU. Unit shall provide 12 AC outlets at 120 volts and 15amps, and shall include a circuit breaker on the rear panel with a 15ft long AC cord. Both power strip and Logo compartment shall be finished in Black Powder Coat. Illumination shall be provided via UL Listed LED lamp. LED power supply shall be UL listed 12VDC. Graphics panel shall be created per design specification provided by consultant or customer.
