

## FEATURES

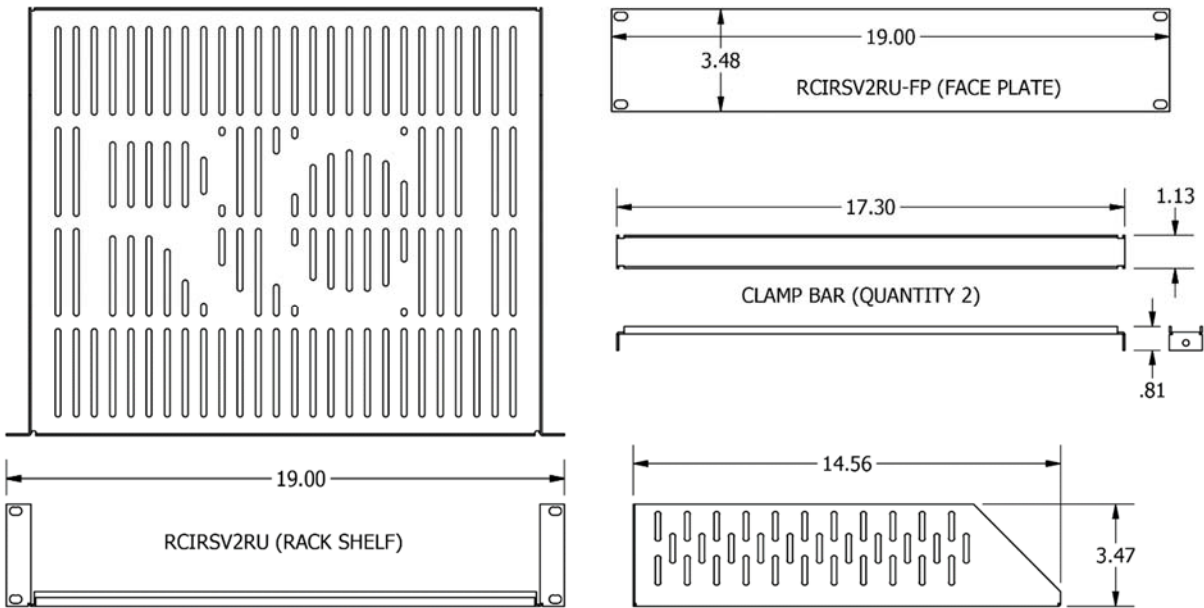

- 2 RU Rack mountable equipment shelf
- Lightweight (.062) aluminum Construction
- Vented Bottom & Sides, eliminate heat buildup
- Front & Rear lip for increased strength and safety
- Two Equipment Clamping bars included
- Durable Textured Black powder coat finish
- Custom Face plates made to order.

The RCI Custom Products **RSV2RU** Rack Mount Equipment Shelf is designed to mount in any standard EIA equipment cabinet. Manufactured from .062 (16 gauge) formed aluminum with a textured black powder coat finish. The three piece assembly offers additional strength over conventional steel shelves as a result of the heavy gauge material and the 1/2" lip on the front and back of the shelf. The included adjustable clamping bars, hold equipment securely in place.

Optional matching face plate (**RCIRSV2RU-FP**, separate purchase) available to finish off the installation. Custom cutouts allow access to equipment controls and ports.

## A & E SPECIFICATIONS

*The rack mounted equipment shelf shall be RCI Custom Products Model **RCIRSV2RU**. The shelf's support shall be strengthened with 1/2", up-turned flanges across front and back. The three piece shelf assembly shall include two adjustable clamping bars to secure equipment. The optional face plate shall be RCI Custom Products Model **RCIRSV2RU-FP**. The face plate shall include custom cut-outs for access to equipment controls and ports. All pieces shall be formed from 16 gauge aluminum and finished in a textured black powder coat. All assembly hardware shall be included.*
