- Available with or without components
- With or without mounting holes
- Configure and label using our on-line PanelBuilder software
- Custom colors and sizes always available
- Made in USA

The RCI **ALSZ Panel Series** is designed for convenient installation with standard electrical style back boxes. Made from 1/8" (11 gauge) aluminum, these rugged panels come standard in two anodize or three powder coat finishes to meet the architectural needs of most any project. Custom engraved lettering can be easily specified and filled with contrasting colors. Panel edging may be requested in 1/16", double 45 degree beveled, or square configuration to match other panels or architectural demands. Custom sizes and finishes are available by contacting the factory.

Panels may be designed using PanelBuilder, RCI Custom Products unique on-line design software and pricing tool, or by submitting any type drawing directly to the factory.

A & E SPECIFICATIONS
