

**RCISE2010PBKSM**

**RCISE2020PWM**

**RCISE4030PWM**

**RCISE4040PBKSM**

## FEATURES

- Lightweight 3-piece aluminum body
- Available in 1, 2, 3 and 4 gang sizes
- Durable Powder Coat Finish
- Cable access via mouse hole
- Deep set for use with most signal extenders
- Press nuts to mount standard gang plates
- Rubber feet to protect tabletops
- Made In The USA

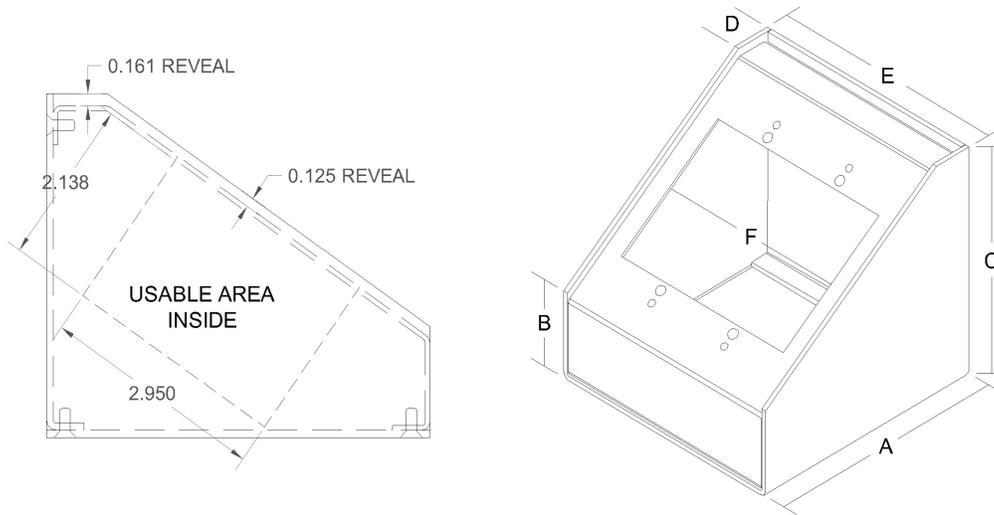

RCI Custom Products **SE Series Tabletop Enclosures** are designed to provide a convenient, noninvasive, and aesthetically pleasing way to mount standard wall plates and commonly used signal extenders.

Standard models include 1, 2, 3 and 4 gang sizes, but may be custom made in 5-10 gang sizes. Three-piece construction provides screw together 0.90 aluminum back and sides, and an 0.60 face plate. Standard finishes of durable black or white matte powder coat (custom finishes available). Rubber feet are included to protect table surfaces and cable access via "mouse hole" is also provided.

SE Series Enclosures are perfect for mounting volume controls, switches, lamps, signal extenders and control devices of all types.

**A & E SPECIFICATIONS**

The Tabletop enclosure shall be RCI Custom Products Model SE[2010, 2020, 4030, 4040](PBKSM, PWM). Units shall be made of 0.60 and 0.90 aluminum and finished with a black or white matte powder coat. Press nuts shall be included to mount standard gang wall plate. Enclosures shall be equipped with rubber feet, and “mouse hole” in rear of the enclosure for cable access.

P/N	Gang	Color	A	B	C	D	E	F
SE2010PBKSM	1	Black	5.11"	1.83"	4.84"	0.811"	5.06"	2.25"
